

## Health and Safety Policy Statement

**1<sup>st</sup> January, 2012**

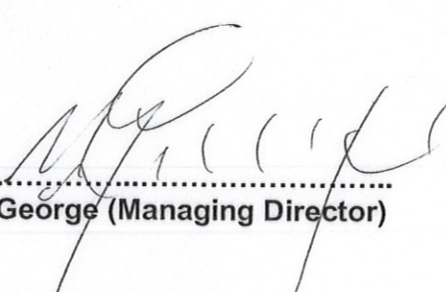

Our policy is to provide and maintain safe and healthy working conditions for all our employees, contractors and agency staff working on our behalf. In addition we will seek to ensure the work that we carry out does not affect the health and safety of others, e.g. our customers and other members of the public.

We will achieve this policy, in part, by:

1. Appointing competent managers who are responsible for health and safety in their respective areas;
2. Ensuring that adequate controls for health and safety risks arising from our work activities are in place;
3. Consulting with all our employees on matters affecting their health and safety and providing information, instruction and supervision, as appropriate;
4. Seeking advice and assistance from external organisations to supplement our own in-house health and safety initiatives.
5. Monitoring and reviewing all of the health and safety arrangements, which are put in place at least every twelve months to determine their effectiveness.

This statement is intended to encourage a positive attitude to safety and should be used in conjunction with the additional safety guidelines issued periodically.

I look forward to your support.
